1 Introduction

1.1 Purpose

The purpose of this user manual is to provide comprehensive guidance and instructions to users on how to effectively utilize the features and functionalities of the College PathFinder website. This document aims to facilitate a seamless user experience by offering step-by-step instructions, explanations of key features, and tips for maximizing the benefits of the platform. Whether users are new to the website or seeking to enhance their understanding of its capabilities, this user manual serves as a valuable resource to assist individuals in navigating the college selection process efficiently and effectively.

1.2 Project Scope

The College PathFinder is a comprehensive educational search and recommendation platform designed to assist students in finding suitable colleges based on a wide range of criteria. The product encompasses various features to enhance the user experience and streamline the college selection process. It allows users to set a specific All India Rank (AIR) range, helping them narrow their options based on academic performance. College PathFinder ensures that students are presented with colleges that align with their ranking, optimizing the chances of finding a suitable educational institution.

Objectives and Benefits:

- It will help users to choose between their available college options pleasantly.
- It will allow users to combine criteria such as branch and placement range and, based on available facilities of interest, such as sports, swimming pools, or libraries, to find colleges in their desired sweet spot.
- It will allow users to visually explore the college campus, making it easier to make decisions based on college locality.
- It will allow users to communicate directly with the students studying on those campuses.
- It will give users access to the various statistical data related to courses, their past grading schemes, and reviews by the students who have done that course.

1.3 Intended Audience and Reading Suggestions

The user manual for College PathFinder is designed for a diverse audience, including but not limited to:

- High school students: Individuals in the process of exploring college options and seeking guidance on selecting the right institution for their educational pursuits.
- Parents or guardians: Adults supporting students in their college search journey, who may benefit from understanding how to utilize the platform to aid their child's decision-making process.
- College Students: College going students with intention of advising junior students on college options, who can leverage the platform to provide informed recommendations.
- Educators: Teachers or administrators interested in recommending the platform to their students as a valuable resource for college exploration.

Reading Suggestions:

To make the most of this user manual and optimize your experience with College PathFinder, consider the following reading suggestions:

- Start with an overview: Begin by familiarizing yourself with the introductory sections of the manual to gain a clear understanding of the purpose and objectives of the College PathFinder platform.
- Navigate through sections sequentially: Proceed through the user manual in a structured manner, following the outlined sections from beginning to end. This approach ensures that you receive a comprehensive understanding of all features and functionalities.
- Refer to specific sections as needed: If you have a particular question or wish to explore a specific feature of the platform, utilize the table of contents or index to locate the relevant section quickly.
- Experiment and explore: Don't hesitate to experiment with the features and functionalities of College PathFinder as you read through the manual. Hands-on exploration can deepen your understanding and help you discover new ways to leverage the platform effectively.

2 Software Requirements

The website will run smoothly on PCs which has web browsers installed.

The recommended web browsers are

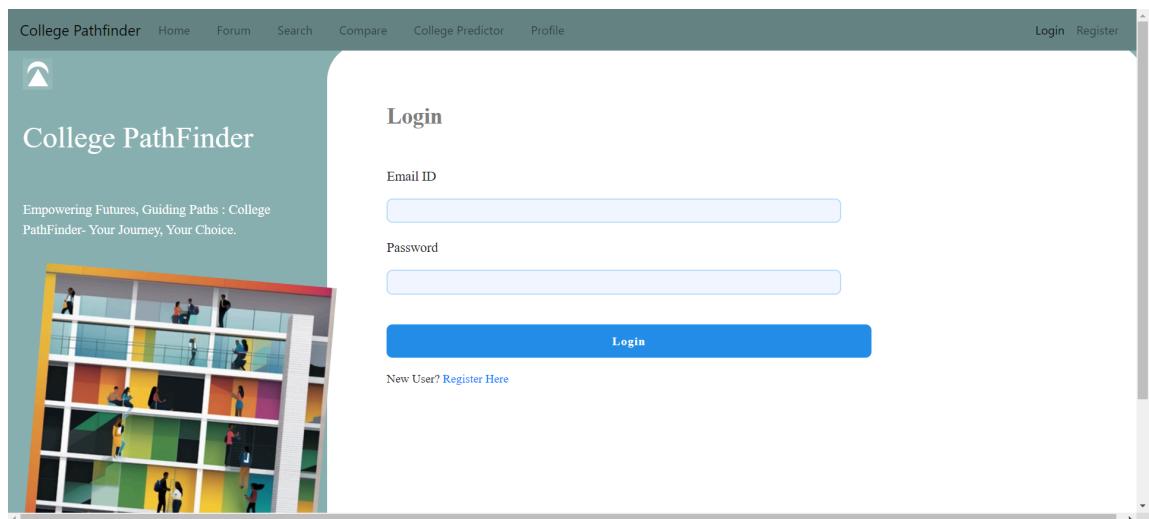

- Google Chrome
- Mozilla Firefox
- Microsoft Edge

Apart from this, there are no software constraints for using this web application.

3 Guide for Login And Registration

3.1 Login

- Users who have previously registered for the **College Pathfinder** Web Application must login by:-
 1. Entering their **Username**.
 2. Entering their **Password**.

- Clicking on Login will advance to the **Home** page and logged in users can begin using the application.

Site Registration

Users who have not previously registered for the **College Pathfinder** Web Application must select - “**New User? Register Here**” to access the “New User Registration” page.

3.2 Register

During the time of registration, users will be asked to enter following information

Full Name : Users must enter their full name

User Name : Each user is required to enter a unique username

College PathFinder

Empowering Futures, Guiding Paths : College PathFinder- Your Journey, Your Choice.

Register

Name

Username

Email ID

Password

Confirm Password

User Type

College Searching

Email : Users must enter their email-id during the time of registration.

Password : Users must enter a password. Passwords are case sensitive.

User Type: User must specify whether he is already enrolled in a college or searching for a college.

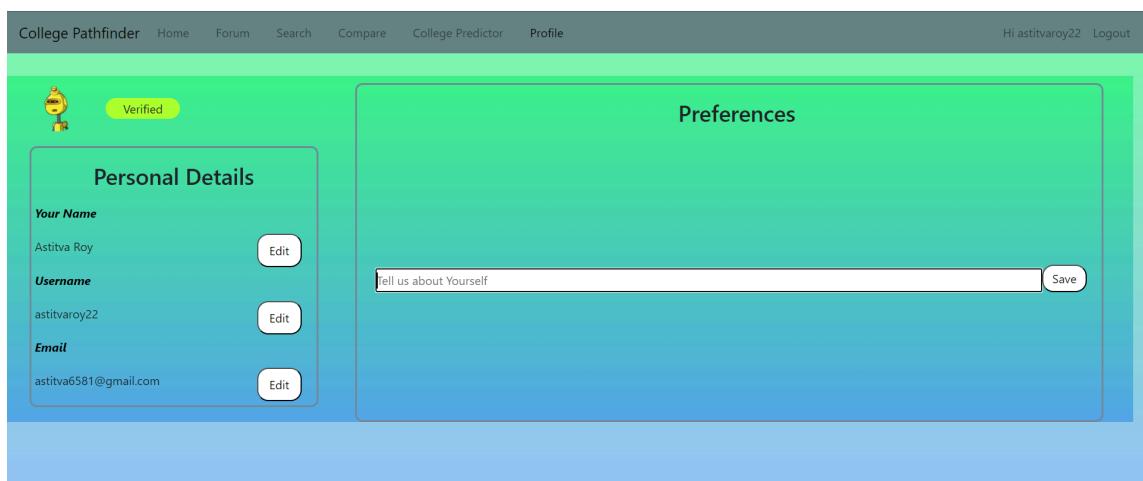

3.3 Profile Page

The Profile of the user displays his/her username, fullname, email and Preferences in terms if colleges and branch of the users.

This page also features a "Verified" indicator, providing assurance regarding the trustworthiness of the user and authenticity of the information displayed.

Logout:

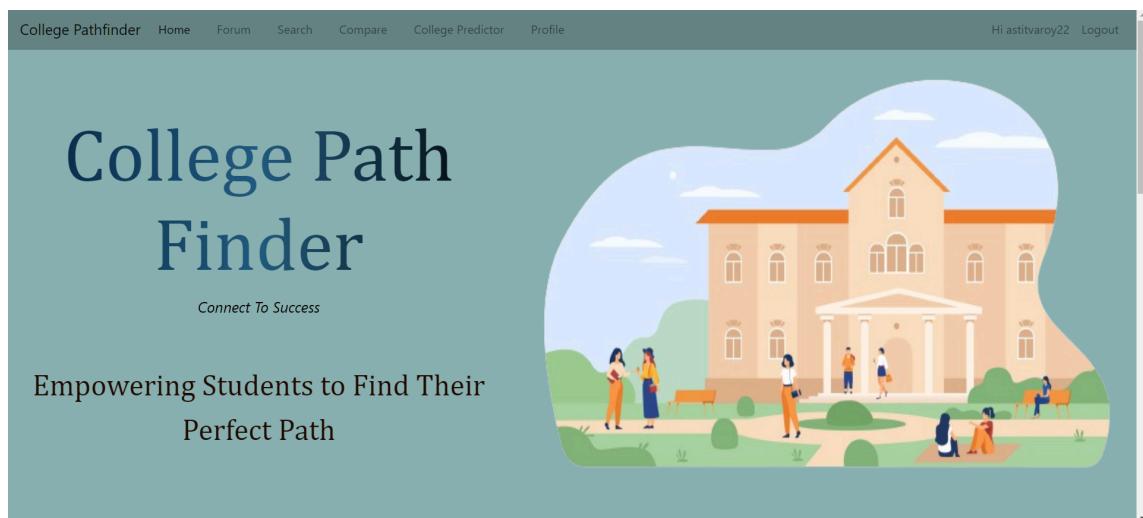

The users can click on the Logout button to logout from their account and navigate the web application as a guest user. Doing this will redirect the user to the Login page.

4 Home Page

Welcome to the home page of College PathFinder, where your journey to the perfect college begins. Our home page is crafted to provide you with immediate access to the tools and information you need to make informed decisions about your future.

- **Top Navigation Bar:** The top navigation bar is your gateway to all the features of College PathFinder. With clear labels such as Home, Forum, Search, Compare, College Predictor, and Profile, you can easily navigate to the section that best suits your needs. A convenient logout option is also available for when you need to secure your session.
- **Personalized Welcome:** Users are greeted by name, enhancing the personalized experience of the platform. This feature demonstrates our commitment to a user-centric approach, making every visitor feel valued and recognized.

- **Visual Appeal:** The home page boasts a clean and modern design, with the College PathFinder title prominently displayed. The tagline “Connect To Success” and the subtitle “Empowering Students to Find Their Perfect Path” further reinforce our dedication to student success.
- **Latest News:** Stay updated with the “Latest News” section, with dynamic news headlines, featuring critical updates on college admissions, important deadlines, and examination results to keep you informed and ahead of the curve.

5 FORUM

Forum Page: Your Gateway to Knowledge Sharing

The forum page is the heart of our community discussions, where curiosity meets expertise. It's a place for you to ask questions, share insights, and connect with peers and professionals.

Qualities:

User-Friendly Layout: The forum greets you with a welcoming banner that encourages participation and knowledge exchange. The clear, structured layout ensures you can easily find and engage with topics of interest.

Personalized Interaction: Logged-in users, like "Hattieway92", are acknowledged by name, adding a personal touch to the forum experience. The logout option is conveniently located for when you need to end your session.

Active Discussions: The main area lists active posts, showing the number of likes and views, which helps you gauge the popularity and relevance of each discussion.

Create New Posts: With the "New Post" button prominently displayed, you're always just one click away from starting a new conversation or seeking answers to your queries.

This description aims to guide users through the features and functionalities of the forum page, emphasizing the interactive and user-centric design of College PathFinder.

The screenshot shows a web browser window with the URL `college-frontend-vert.vercel.app/new-post`. The page title is "Create a New Discussion". The form fields include:

- Title (min. 10 words):** Hello Welcome to college pathfinder
- Description (min. 5 words):** welcome
- Related Tags:** IIT Kanpur IIT Bombay IIT Delhi Academics General Helpful
- Submit** button

Key Features:

Interactive Posts: Users can create and engage with posts on a variety of topics. Each post displays the author's name, related topics, likes, and views, making it easy to gauge the community's interest.

Categorized Discussions: For ease of navigation, posts are organized into categories such as IIT

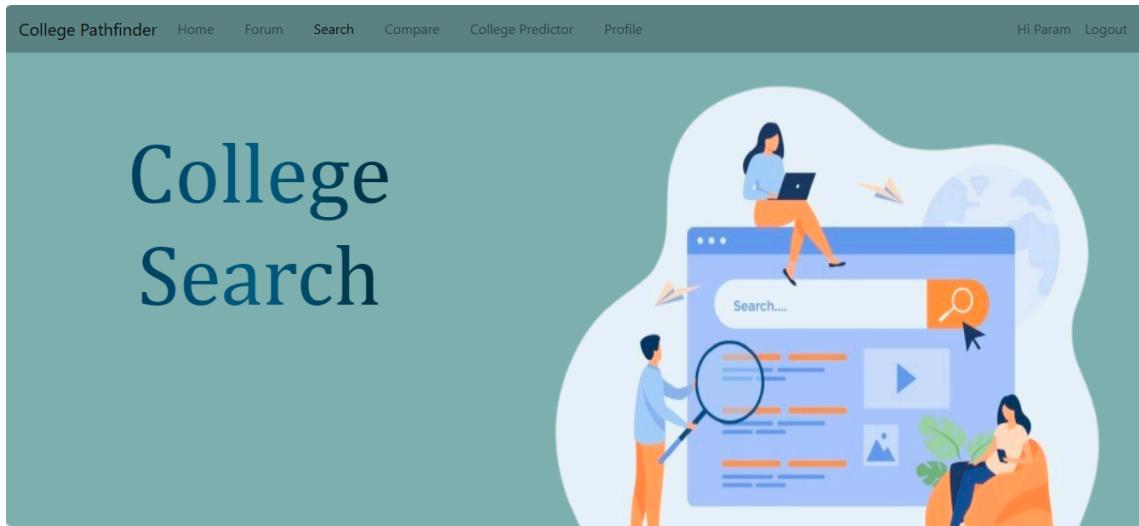

Kanpur, IIT Bombay, IIT Delhi, Academics, and General. This categorization helps users quickly find discussions relevant to their interests.

Community Guidelines: To maintain a constructive and respectful forum, we have guidelines in place. For instance, posts can be deleted once created (by the admin), ensuring the integrity of discussions.

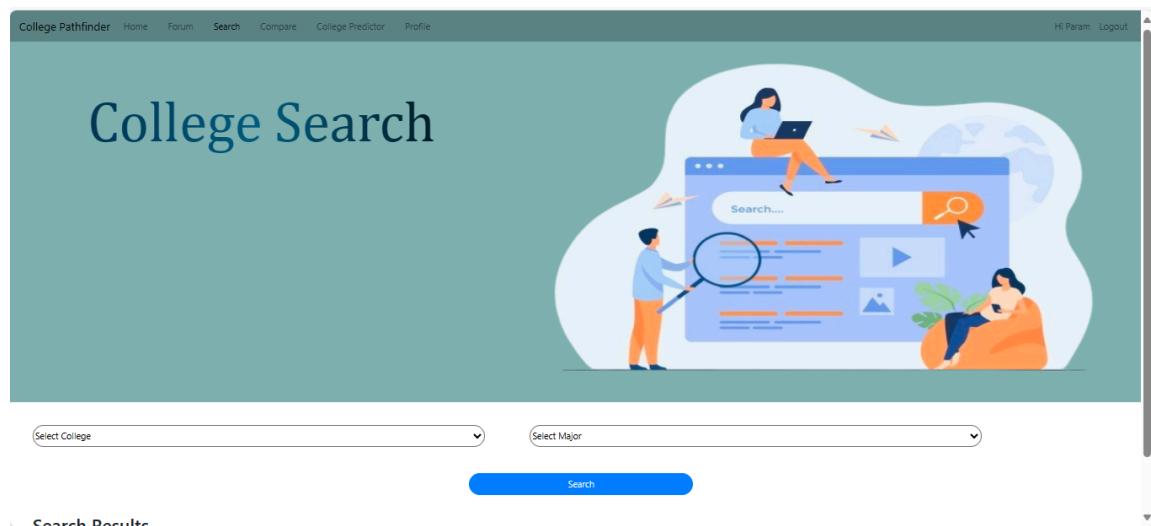

This section provide users with a clear understanding of the forum's layout and how to interact within it

6 College Search

Welcome to the College Search page of College PathFinder, where your quest for the ideal higher education institution takes flight. Our search page is meticulously designed to offer you seamless access to the tools and resources essential for navigating through the myriad of options and finding the perfect college match. Dive in and embark on your journey towards a future filled with endless possibilities.

- **Top Navigation Bar:** The top navigation bar is your gateway to all the features of College PathFinder. With clear labels such as Home, Forum, Search, Compare, College Predictor, and Profile, you can easily navigate to the section that best suits your needs. A convenient logout option is also available for when you need to secure your session.
- **Initial Landing page:** The College Search page features a sleek and contemporary layout, with the “College Search” branding taking center stage. Complemented by the engaging graphics.

- **“Select College” Drop Down List:** Explore our curated list featuring the prestigious Indian Institutes of Technology (IITs), offering you a streamlined pathway to discover and compare these renowned institutions at a glance. Embark on your journey towards academic excellence with ease and confidence.
- **“Select Major” Drop Down List:** This intuitive feature allows you to explore various branches of study, guiding you towards aligning your passion with your educational path, empowering you to pinpoint the perfect major for your collegiate journey.
- **“Search” Button:** Press this to know about the college and multiple reviews related to it.
- **Here is an Example to showcase the College search feature:**

You can skim through the reviews of the college with ease because of the design and consistency of review features and functionality.

7 College Comparison

The screenshot shows the 'College Comparison' section of the website. At the top, there is a dark green header bar with the 'College Pathfinder' logo and links for Home, Forum, Search, Compare, College Predictor, and Profile. On the right side of the header, there are 'Hi Param' and 'Logout' buttons. Below the header, the main content area has a dark teal background. It features four dropdown menus arranged in a 2x2 grid. The top-left menu is labeled 'Select College 1', the top-right is 'Select College 2', the bottom-left is 'Select Branch 1', and the bottom-right is 'Select Branch 2'. In the center of the grid is a blue rectangular button with the word 'Compare' in white. The overall design is clean and modern, using a minimalist color palette.

- **"Select College" Drop down menu:** Choose from a diverse array of colleges in the 'Select College' dropdown menu, each offering unique opportunities for your academic

growth.

- “**Select Branch**” Drop down List: Explore specialized fields of study tailored to your chosen college with ease in the ‘Select Branch’ dropdown menu.

- **Compare Button:** Hit this to get a immersive and detailed comparison of the two colleges.

- Here is an example to showcase the College Compare functionality:

1. Select College 1

The screenshot shows the 'College Comparison' section of the College PathFinder application. At the top, there is a navigation bar with links for Home, Forum, Search, Compare, College Predictor, and Profile. On the right side of the navigation bar, there are 'Hi Param' and 'Logout' buttons. Below the navigation bar, the main title 'College Comparison' is displayed. Underneath the title are two dropdown menus: 'Select College 1' and 'Select College 2'. The 'Select College 1' dropdown is open, showing a list of IITs with 'IIT Kanpur' selected. The 'Select College 2' dropdown is closed. In the center, there is a blue 'Compare' button. The background of the page is dark teal.
